This blanket works up quick because it uses #6 super bulky yarn! The pattern can be adjusted to change the size. My blanket measures 55"x65" and I used an 8mm crochet hook.

The entire blanket is made from the lemon peel stitch (alternating single crochet and double crochet) It creates a very warm and dense blanket.

The blanket pictured was made with Yarn Bee (Hobby Lobby Brand) Super Bulky Yarn.

You'll need 6 skeins of White, and 5 skeins each of **Pale Aqua**, **Rose**, Gray, and **Yellow**.

Pattern:

The pattern size can be easily adjusted just make sure you chain an odd number of stitches, and begin each row with a single crochet and end each row with a double crochet. You will make 6 rows of color, separated from each other with 2 rows of white.

White- Chain 101 stitches

Row 1: Work the lemon peel stitch across the entire row (sc, dc, sc, dc, etc.), turn

Row 2: chain 1, work the lemon peel stitch across the row (sc, dc, sc, dc, etc.), turn

Change to Pale Aqua- repeat pattern for 6 rows

White- repeat pattern for 2 rows

Rose- repeat- 6 rows

White- repeat- 2 rows

Gray- repeat- 6 rows

White- repeat- 2 rows

Yellow- repeat- 6 rows

White- repeat- 2 rows

-Repeat the entire 8 color sequence three times, so you have three sections of each color
Slip stitch the final stitch and weave in all ends.
